Aubrey and Ashley this will be a very warm afternoon

Usually we like to have sex in private, but this time we'll let you watch. It's not that we're embarrassed, we're not. It's just that we're a little inhibited. We would probably do more nastier things without the cameras here. So, you'll just have to use your imagination.

everyone can now watch

A lot of people talk about having open relationships, but I actually have one. My husband loves to watch me get fucked by another man. We've been doing this for almost a year and it's really hot. I also let him fuck other women while I watch. It's a little harder to find a woman to fuck him than a man to fuck me. But that's okay.

Dear editor,

When I saw Micah Moore on the cover of your magazine, I nearly creamed my pants at the newsstand. She is one of my absolute adult stars. She cute, she's hot, she's energetic, and she's relentless in her sexual appetite. I especially like the faces she makes when she's getting fucked. I hope they are real because she really seems to like it. I met her at the AVN awards show in Las Vegas and she was such a sweetie. I also liked the video you have of her on your website.

FINDING THE RIGHT WAY

A lot of people write to magazines looking for advice on how to run their lives. I'm not really looking for advice or anything but wanted to share a situation with you that may help your 30+40 readers, especially the married or living-with-someone couples. My wife and I had good, sometimes great, sex over the years, but as time went on, she had more problems climaxing with me inside her. We did, and still do, enjoy a good sex life, but it is mostly oral and manual. When I'm inside her she just can't cum through straight sex, so we've had to adjust.

We're aware of the obvious; her sex drive is diminished, her vagina is less sensitive, I may not excite her as much, her estrogen levels are down. All that stuff makes sense but doesn't necessarily define or solve the problem. So we've decided to get a bit more creative with our lovemaking and it has really helped. What we've done is be more inventive in out sexual positions and techniques. The hardest part (pardon the pun) has been to stick with it and not fall back into routine sex. Now, I admit that what may be inventive to us could be normal or common with you.

We tried many positions (all in one long night and that was great!!!) and found that the ones that gave me access to her clit worked out to be the best for us. And that includes the basic missionary position. Here's why. We found that she achieved orgasm with me inside her with clitoral stimulation. We found that if we did it without involving her clit, she just couldn't cum. So we "discovered" positions where her clit was a more integral part of intercourse. That is, instead of just pumping my cock into her, I would grind my pelvic bone into her clit and she would grind back.

Other times I would slip my hand down there and rub her clit while fucking. Changing positions also helped. She would ride me and I'd finger her clit and she could cum. Then we brought toys into the act and either she or I would use a vibe on her clit and found that it worked also. It also helped when we had oral sex, especially when I went down on her, and she'd warn me she was about to cum and then she'd quickly put me inside her and finish her orgasm that way.

So if any of this sounds familiar to you and your sex life, I hope this helps. It's not proven to work for anyone except us. Even if you don't have this problem, stimulating your woman's clit during intercourse will really send her over the edge. And the best part of it all – trying all the different sex positions all night.

Bryan H., Akron, OH

I am sure to lick all around his balls, the base of his cock and that sensitive area behind them. With his leg up, it's easy to reach and he loves it.

A LOST ART, FOR SURE

My name is Carole and I'm married to a great guy named Chris. Ever since he told me that he fantasizes about me and my mouth at the office, I've done my best to make his fantasies cum true when he gets home. I am a bit of a wild one and I love to suck cock, so he's a lucky guy and I keep telling him that. It's a big turn on for me, too, and it puts me in the mood to get even wilder. My absolute favorite position for fellatio is with him standing and me kneeling down.

After I start sucking, he'll lift a leg and put it on the arm of a chair or the bed and so that he is opened up that area. Now I have access to all his good parts that will soon get my attention. I continue by licking his thighs and make him anticipate what's going to happen. I slowly spread his legs and start licking his balls and roll them all around in my mouth and probe them with my tongue while they are both in my mouth. For you gals, I had to practice this since putting two hairy balls in your mouth can be a bit of a turn off. So, he shaves them clean or I do it for him. That's also a big turn on for the both of us.

Chris has been reading over my shoulder and it seems he's getting excited again because he's now pulled out his cock and wants me to play with it. "I can't right now, I'm typing. Don't you want me to finish this?" I ask as he rubs my shoulders. Hold on dear reader, I need to take a break for a few...

Okay, so where were we? I stroke his penis as I still have his balls in my mouth. Nothing too hard or fast because I don't want him to cum just yet. There's a whole lot more to go. After warming them up, I back off and suck his cock head for a minute and then I'll suck one of his balls back into my mouth and swirl my tongue around it and then I'll set my attentions on the other one. He says it's like having soft, warm fingers playing with them. I am sure to lick all around his balls, the base of his cock and that sensitive area behind them. With his leg up, it's easy to reach and he loves it.

By now, he's really excited and his cock is rock hard and he's begging me to take him fully into my mouth. I start going upward, licking his shaft as if it were a popsicle. At the head, I circle it a few times with my lips and wiggle my tongue into it's little slit all the while making eye contact. Then I take him into my mouth as far as I can. With all the practice I get, I can deep throat him easily and not gag. Earlier on, I would gag but learned to relax my throat muscles and not I can take it all the way down to the base.

While he's not huge, about seven inches (yes, we measured), he is thick. He likes it when I squeeze the base of his cock and it seems to make him even harder. It turns him on even more when I moan, make slurping sounds, and make eye contact as I do this. With my free hand I'll fondle his balls at the same time, or play with his asshole. This is something he eventually let me do, thinking it was too gay at the start, but then realized how good it felt.

During the sucking, I make swirling motions on the underside of his shaft. He likes it when I do all different types of swirls and pinches and nips to every part of his cock and balls. We play this little game if he can figure out the letter or number I'm making with my tongue or fingers on his cock. He's right less than half the time and makes me repeat some over and over again (I think he likes the way those letters feel). Sometimes, I'll hum as I have him in my mouth and sometimes I'll talk dirty and tell him what I'm going to do to him.

Now for the good part, as if all that wasn't good enough. I put his foot down so both are on the ground. If I can tolerate kneeling some more, I'll stay there, if not I'll sit on the edge of something. Either way I take his butt cheeks in each hand and pull him to me. His cock in my mouth, I can take it all and deep. It's a good position for him,

YES, I'M HOT.

I'm also sassy,

opinionated,

your lover,

As I'm sucking him, I'll sneak a finger or two into my mouth to lube it up and then back to his butt. I play around the outside of his butthole, just breaking into it gently a time or two or twenty, whatever it takes.

too as he can thrust it into me. But the best of all is I have better access to his anus. As I'm sucking him, I'll sneak a finger or two into my mouth to lube it up and then back to his butt. I play around the outside of his butthole, just breaking into it gently a time or two or twenty, whatever it takes. When I feel that it's loosened up, I'll push a finger in and gently twirl it around and in and out. I'm still working his cock with my mouth and other hand and slip it down to his balls now and then. Now is the time I fall back on the bed, pulling him down with me, cock still in my mouth and he begins to fuck my mouth much harder.

Now it's his turn to do the work. I hold my one hand around his cock to keep him from smashing my nose and lips, and work his buttonhole more and more. We've gotten to the point where he can take two fingers in it and he loves it. He'll start moaning harder and louder and I can tell he's about to cum. We have an understanding that he'll tell me just before he cums where he wants to do it. Sometimes it will be on my chest, my neck, my face, and sometimes he wants me to swallow it.

This is something that took a little getting use to but only after a time or two. Because we were doing so much of it, I got used to the taste and it actually isn't bad. Sometimes I'll slurp it up, or I'll squeeze it back out of my mouth so it drips down my chin and, his favorite, I'll hold his hips hard into me with his cock as far down my throat as it will go and it squirts straight down my throat. Yummmmmy. Then, I'll hold his cock in my mouth and lick it all clean as he watches me get every last drop. Sex is a very visual act for us.

Jasmine, Memphis, TN

AN OPEN DISCUSSION

I am breaking down to write to you because it's about a topic I don't feel I can openly discuss with anyone else. I have always been this adventurous woman when it came to sex and almost anything else, but anal sex scared me and seemed somewhat forbidden. I knew so many people who had done it before, but for some reason I remained an anal virgin until I met the right person to trust, then I knew I had to try it.

My boyfriend and I were out one evening having a few drinks and he told me he had a surprise for me. He took me by the hand and walked me to this beautiful old lighthouse. We climbed in through an open window and climbed up to the top. The view was beautiful as we stood leaning against the rail. His hands reached around me from behind and started to massage my boobs so I started grinding my ass against him and he began to moan. (Actually, it was more of a growl.) It was at this point that he whispered in my ear, "Do you want to experience the thrill of something new?"

He leaned me forward over the rail. All I could see was the ocean below us as he raised the skirt of my dress and ripped off my panties. He was so hungry for this. He had waited so long. I felt his fingers go deep into my wet cunt and then he took his fingers out and started to massage my asshole. It was so hot! I tensed at first because I was scared, but then I felt his fingers slide right in. "Oh God!" I screamed. It was the most intense feeling ever. He was sliding his fingers in and out of my ass so deep. He pulled the fingers out and I felt his cock head press against me.

Now, he grabbed my hips and plunged deep into me. I screamed like I never have before as he pumped me against the railing. His cock felt huge! There was no pain only pleasure as he fucked my ass. He pumped me so hard until I felt him start to tense and I told him I wanted him to fill my ass with his cum. Just hearing me say that made him rip his load deep into my ass and I came with him. It was more intense than anything I have ever experienced.

We are still together and anal sex is one of the most erotic things we do because we always remember the first time.

Lacey, Oakland, CA

Veronica Jett lust in the fast lane

I hate to talk about things that I don’t have an interest in. So, let’s talk about sex. I admit I like it, a lot. I love sucking cock, having one inside me, feeling the man cum, and I especially like feeling me cum. And I like to scream when I cum. So… that’ll do it for me.

never too old to learn...

Hi I'm Bella. I'm thirty years old and have lived in Lincoln, Nebraska all my life. I work the morning shift at a coffee shop and get off at 4 pm after the lunch crowd clears. Needless to say, I did not go to college and even had to leave high school during my junior year. I had a boyfriend my freshman year but we were too young to do anything. I have not dated or gone out in almost five years, partly by choice and partly because I keep telling myself, I'm going to get out of this place for something better, or at least different.

This past month, sadly, my mom passed away and I've been busy taking care of her estate. My neighbor Janie, who is 36 years old, has come over to console me and help me out around the house. In conversations, I've mentioned to her that I had not been on a date in years. In fact I was still a virgin. I watched as Janie's mouth fell open. "What!" she screamed. "Holy shit," she said. "We've gotta get you out." I reluctantly said, "Ok." Janie went on and on about how I would need a make over and a few pieces of new clothing. She felt it would help my self-esteem. The following week, Janie made a hair appointment for me at her salon. I nervously sat as the stylist cut my long hair in to a more modern style. She said it suits my face better. I knew it would take some getting used to. I left the salon to meet Janie at the local coffee shop in town. She didn't even recognize me at first. How she screamed with excitement when she saw me! I fed off of Janie' energy. We both were laughing and smiling at the wonderful job the stylist has done. My hair felt and looked great, and so did I. Finally.

After we left the coffee shop, we went into town to shop for new clothes. Janie knew I was on a budget. So we hit a couple of the less expensive stores. Janie was so patient and helpful with me as I tried on some clothes. I ended up with a new pair of jeans, a few tops and a dress. I felt so happy to have her as a friend. The next day at the bakery, all of my co-workers were thrilled to see me with my new hairstyle. I felt like a new person. When I got home, there was a message form Janie on the machine. She called to invite me to her company's picnic this weekend. I called Janie to let her know that I would love to attend. She had never invited me anywhere before. I was glad to be thought of anyway.

Janie came to pick me up on the day of the picnic. I felt great in my new jeans and off-the-shoulder blouse. At the picnic, Janie introduced me to everyone she knew. One person stood out to me the most. His name was Peter. He was in charge of getting the softball game together. I'd never played baseball before. Before I could say no, Janie had already signed us up. As the day went on Janie never left my side. She made me feel so special. I guess she knew I would be uncomfortable without her. At 3:00 the ball game would be beginning. I was starting to get very nervous.

When it was my turn to bat, Peter could see how awkward I was holding the bat. So he stood behind me to demonstrate the right way to hold it. After a moment he backed away and the ball was pitched and by some stroke of luck I hit it – right back to the pitcher who threw me out. As I jogged back to the bench I passed Peter and he high-fived me. That was cool. The game finally ended and we won.

...about love and sex

I did contribute a little bit; I got a hit and scored a run. It felt great.

Janie saw that I became more comfortable and social as the day worn on and she didn't have to baby-sit me anymore. As the picnic day ended, I had had a few drinks and was feeling pretty good. Most of the people were gone. Janie was walking around picking up trash and Peter was gathering up the gear. He saw me and asked if I could help him. I went over to the ball field and picked up the few bats on the ground and stuffed them into the bat bag. Peter was grabbing the bases and loading them into his SUV. I couldn't lift the bag so I began to drag it over to the SUV. He saw me and came over to help. We laughed about it as we finished with the gear. Janie walked over to us and said she was ready to go. Peter quickly offered to give me a ride home. Before I could say anything, Janie said that would be great and hustles off.

The park was now empty except for Peter and me. It was getting dark and I was hungry. I asked if we could stop for a bite to eat before taking me home and he said sure. We climbed into the SUV and he started the engine. – But it wouldn't start. He looked at me and cranked it again, but no go. He sat back and said he'd give it a minute, so as we waited we made small talk, but I was looking at him thinking what a great guy he was and if he was going to kiss me. He tried to start it again and it just wouldn't start, so he picked up the cell phone and called the auto club, apologizing the he was not very mechanically inclined. I laughed and said I wasn't either. The mechanic said it would be forty minutes to an hour before he could get there. Peter said 'no problem' and hung up. We settle back and waited.

After a few sentences the conversation stared getting personal. He asked if I had ever been married. I said no, that I had been taking care of my mom for a long time and she had passed a couple months ago. He said he was sorry to hear that, but thought I was in very good spirits about it. I thanked him, and blurted out that I hadn't dated during that time. He paused and leaned over to kiss me. I was surprised but did not back away. I met his lips and the fire erupted within me, but I held back. He briefly backed away but I reached behind his head and pulled him back. Our lips played for a bit before tongues began to lick each other's lips. Then they were thrust deep into mouths and the passion grew. We backed off and looked at each other. He reached over and touched my neck and let his hand drift between my breasts. He undid a button and then another.

Peter broke my silence saying that he could show me how to hold his cock like he showed me how to hold a bat.

I grabbed his hand and he stopped, but I wanted him to touch me. He gently squeezed it and I let out a yelp that had been harbored for decades. I heard myself and laughed when I realized how loud I was. Inside my shirt, he switched our hands so he was holding mine and pulled it to him. He lowered it to his crotch and I felt his manhood under the tight jeans. Peter broke my silence saying that he could show me how to hold his cock like he showed me how to hold a bat. I gave a nervous laugh and said 'okay.' He smiled and pulled down his zipper.

I had never seen a cock this close before. I couldn't even remember when the last time I had aver seen one. It was marvelous. Tall and erect with a glistening head that beckoned my fingers to touch it. Peter let go of my hand and I reached over to touch it. I was surprised by the softness of the skin and the firmness underneath it. I swirled my finger around the tip as he groaned softly. I grasped the shaft and he groaned louder. He took my wrist and moved my hand up and down, letting go after a few strokes and beckoned me to continue. By now I was leaning over the console and was pumping his rod with a rhythm that he seemed to approve of.

He asked if I had ever licked one before. I looked up at him and giggled saying I had never touched one, let alone lick one. He asked if I would and before he could finish I had my mouth around the head tasting him and licking like a kid on their first lollipop. The sweet smell of his manly musk intoxicated me even more. I found that I was sucking him hard and bobbing my head up and down his shaft trying to get in as much as I could. I searched for his balls over the fabric and found them pinned to his inner thigh under the jeans. I rubbed them and his dick seemed to get even bigger.

He grabbed my hair at the back of my neck and pulled my head up into his kiss as I continued pumping his cock and rubbing his balls. Out tongues were missiles of passion as my pumping became more furious. He began to moan louder with his mouth still on mine. I was beginning to get a little scared. I had never been around a man who was in the throes of cumming. He pushed my head down as he pulled my hand away. I tried to resist but found myself zeroing in on the head and engulfed it with my mouth. Instantly I felt a warm gush fill me and I was shocked by it's velocity and force. He kept my head there as he kept spurting and spurting. The cum started oozing out the side of my mouth. I tried not to gag as I tried to swallow with his dick still in my mouth. I finally did and he eased his hand off my head. He said that was great and he could not believe I had not done that before.

I found that I was sucking him hard and bobbing my head up and down his shaft trying to get in as much as I could.

I tried to straighten up my clothes as he put himself back in his pants. Just as I began to say something a pair of headlights pierced the darkness heading towards us. I composed myself and settled back in my seat. He exited the door to meet the auto club guy. They mumbled some things to each other and the hood came up. Within a few minutes I heard the hood slam and Peter got back in the truck. He looked at me and asked if I was all right. I whispered I was okay and he put the gearshift into drive. As we pulled out he asked if I would still like to get a bite to eat, or if I was full. I smiled and he laughed. I got the joke and laughed too.

In the minutes I waited while they worked on the truck, I reflected on our last half hour and told myself it was okay. I felt my pussy get wet and had feelings aroused down there that I had never felt before. I felt like a woman who just pleased a man because I wanted to. And you know what – it's now my turn and he's going to please me.

"Yes, Peter. Let's go, I think I'm getting hungrier."

Naudia Nyce my butt's your thing

There was a time that I was not having much sex and I couldn't figure out why. I just assumed it was a dry spell. We all go through them at times. But then I started fucking a lot. I don't think anything changed, except my luck. So now I'm on great lucky streak.
